INCOME DISTRIBUTIONS

FOR MANITOBA REGIONS

(1984 INCOME TAXFILERS 65 YEARS AND OVER)

MBS 86-10B

Price: $25.

Manitoba Bureau of Statistics

July, 1986

EXECUTIVE SUMMARY

This publication presents income distribution statistics for the 114,344 persons aged 65 years and over who filed income tax returns in Manitoba for 1984. The number of income taxfilers and amount of income reported are presented for:

i) Total Income
ii) Employment Income
iii) Labour Force Income

(1) Total Income greater than zero was reported by 113,989 filers (99.7%). The amount of Total Income reported was $1.392 billion.

The $2,500 - 4,999 category has the largest number of filers at 27,882 (24.4%). The $5,000 - 7,499 category had the next highest number at 20,812 filers (18.2%).

Average (median) Total Income for Manitoba filers with Total Income was $8,461.

(2) Employment Income greater than zero was reported by only 15,755 filers (13.8%). The amount of Employment Income reported was $146 million.

The $2,500 - 4,999 category has the largest number of filers reporting this type of income with 2,638 filers (2.3% of all filers aged 65 and over). The $1 - 999 category had the next highest number of filers at 2,514 (2.2%).

Average (median) Employment Income for Manitoba filers with Employment Income was $5,700.

(3) Labour Force Income greater than zero was reported by only 16,250 filers (14.2%). The amount of Labour Force Income reported was $149 million.

The $2,500 - 4,999 category had the largest number of filers reporting this type of income at 2,727 (2.4% of all filers 65 years and over). The $1 - 999 category had the next highest number of filers at 2,667 (2.3%).

Average (median) Labour Force Income for Manitoba filers with Labour Force Income was $5,602.

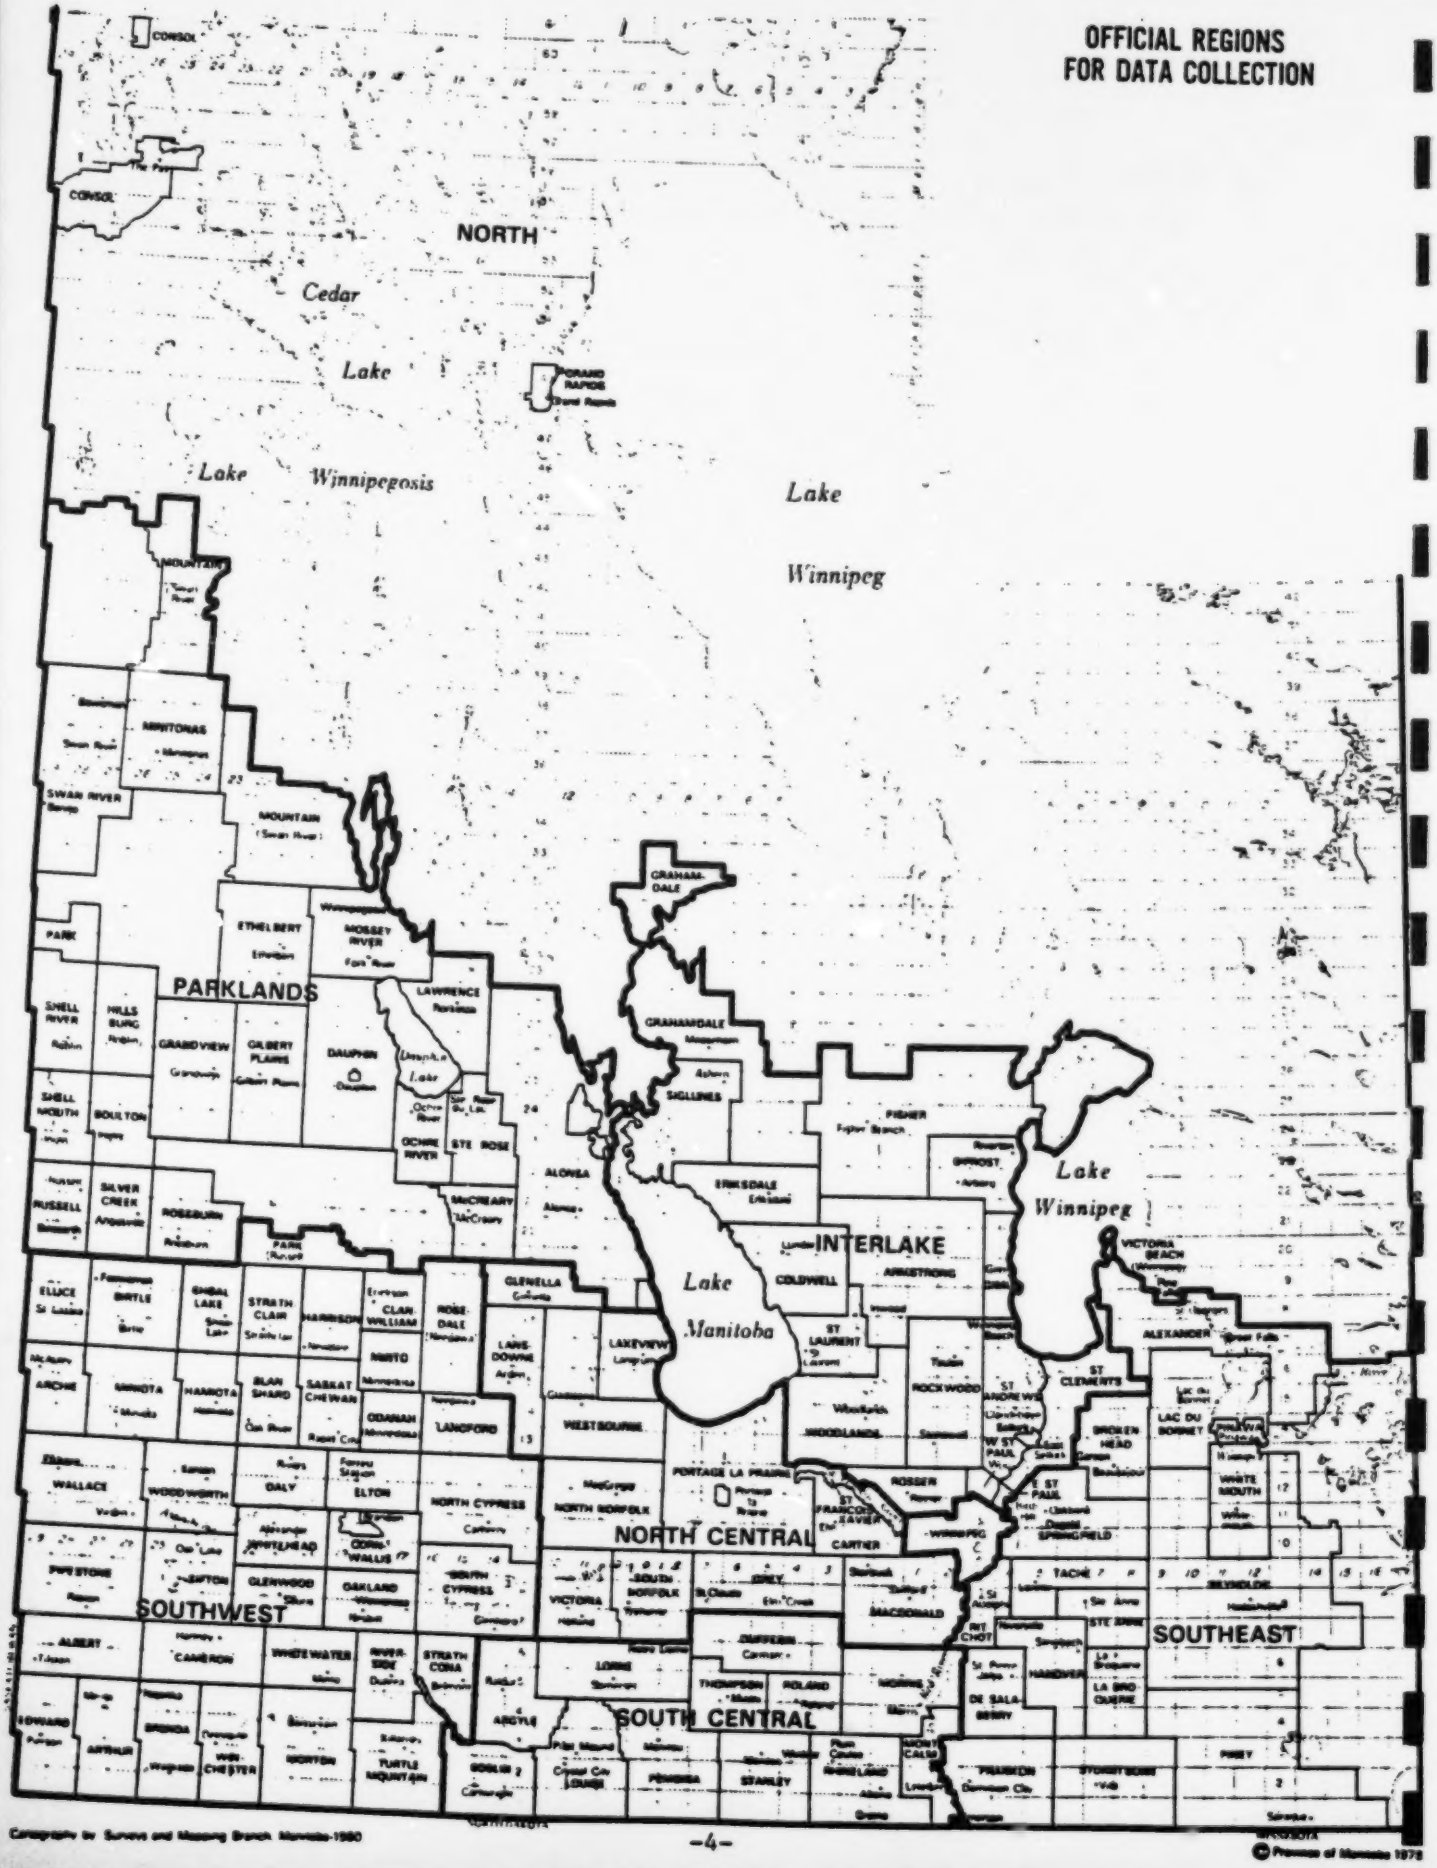
OFFICIAL REGIONS FOR DATA COLLECTION



INTRODUCTION

This publication presents income distribution statistics for Manitoba on a regional basis for those tax filers 65 years and over. The regions used in this report are the Official Regions for Data Collection (also known as Economic Regions) which are aggregations of the 23 census divisions as follows:

OFFICIAL REGION FOR DATA COLLECTION	ECONOMIC REGION	CENSUS DIVISIONS IN REGION
Southeast	60	1, 2, 12
South Central	61	3, 4
Southwest	62	5, 6, 7, 15
North Central	63	8, 9, 10
Winnipeg	64	11
Interlake	65	13, 14, 18
Parklands	66	16, 17, 20
North	67	19, 21, 22, 23

The income distributions have been developed from income tax records. The geographical coding of the tax data is based on the mailing address at the time of filing (usually January to April 1985). This is also the reference period for determining the age of the income tax filer for the purposes of these income distributions.

Reference to a T1 tax return and a tax guide may prove useful in understanding these data.

Definitions

The number of taxfilers 65 years of age and over is the total number of persons filing a 1984 income tax return who were at least 65 years old at the time of filing.

Total income as reported to Revenue Canada on line 150 of the income tax return and as adjusted for tax purposes.

Employment income is the sum of all sources of income associated with employment: T4 earnings, other employment income, professional, business, commission, fishing and farming.

Labour force income is the sum of employment income and unemployment insurance benefits.

For further information on these income distributions or to provide comments or suggestions, contact David Greenwood at 945-2989.

TOTAL INCOME FOR FILERS AGED 65 AND OVER

Table 1 illustrates the Total Income distribution for filers aged 65 and over.

Of all Manitoba filers aged 65 and over, 27,882 (24.4%) report total income of $2,500 to $4,999. The second largest group (20,812 filers or 18.2%) fall in the $5,000 - 7,499 category of total income. Approximately 0.3% (355 filers) have zero or negative income, making this the smallest group of filers in Manitoba.

The Winnipeg region has the largest number of filers with 64,216 persons (56.2% of the Manitoba total). Of these filers, 19.4% (12,426 filers) fall into the $2,500 - 4,999 category, 17.2% (11,053) fall into the $5,000 - 7,499 category, 18.8% (12,087) fall into the $10,000 - 14,999 category and 17.5% (11,210) fall into the $20,000 and Over category. Only 2.0% (1,325) of Winnipeg's filers report less than $2,500 in total income.

The second largest number of filers aged 65 and over is in the Southwest region with 15,106 filers. In this region, 3,364 persons (22.3% of the regional total) report between $2,500 and $4,999 total income. There are 2,880 filers (19.1%) present in the $5,000 - 7,499 category and 2,849 filers (18.9%) in the 10,000 - 14,999 category. Approximately 2.0% (329 filers) report less than $2,500 in total income.

The North has only 2,603 filers, giving it the least number for a region. Of these 2,603 persons, 1,130 (43.4%) report between $2,500 and $4,999 total income. Just over 3.0% (84) of the filers in this region report less than $2,500.

For all regions studied, the largest proportion of filers report between $2,500 and $4,999 total income.

Average (median) income varies among regions. The Winnipeg region has the highest average total income with $9,538. The Southwest ranks second with $8,644 and North Central ranks third with $8,291. Two regions have average incomes of less than $6,000 - the North with an average of $5,676 and the Parklands region with $5,572. The Parklands region, as a result, reports the lowest average total income.

DISTRIBUTION OF TOTAL INCOME

The distribution for Total Income of filers aged 65 years and over is presented in Table 2.

For Manitoba, the largest percentage of Total Income is reported by those filers in the $20,000 and Over category. This category accounts for $584.5 million (approximately 42% of the Manitoba total of $1,392 million) reported by filers 65 years and over.

The $10,000 - 14,999 category contains the next highest amount of reported income with $245.4 million (17.63%) while the $15,000 - 19,999 category contains $190.3 million (13.67%). For the remaining categories, the lower the income level the smaller the contribution to Manitoba's total with the $1 - 999 category contributing .03% ($0.4 million).

The largest amount of income reported for a region is the $880.6 million for Winnipeg. This represents 63.3% of the Manitoba total. The category with the highest amount of income is $20,000 and Over with $413.9 million (47.0% of the Winnipeg total). The least amount of income is reported in the $1 - 999 category ($0.2 million or 0.02% of the Winnipeg total).

The next largest region in terms of Total Income is the Southwest with $178.1 million which accounts for 12.79% of the Manitoba total. Approximately 38% ($67.4 million) of the region's total falls into the $20,000 and Over category. Again, the $1 - 999 category has the least reported income with $39.0 thousand or 0.02%.

When we consider the data from Tables 1 and 2 together, the following statements can be made:

(1) The 26.4% of the filers in the $1 - 4,999 categories report 7.8% of the Total Income.

(2) The 58.2% of the filers in the $1 - 9,999 categories report 26.8% of the Total Income.

(3) The 24.0% of the filers in the $15,000 and Over categories report 55.7% of the Total Income.

(4) The 14.3% of the filers in the $20,000 and Over category report 42.0% of the Total Income for filers 65 years and over.

EMPLOYMENT INCOME FOR FILERS AGED 65 AND OVER

The distribution of Employment Income for filers aged 65 and over is presented in Table 3.

In all regions, over 80% of all filers 65 years and over do not report employment income. For Manitoba, 86.2% (98,589 of 114,344 filers) fall in this category. The North reports the highest percentage without employment income at 89.5%. The South Central and North Central regions report the lowest percentage at 81.8% each.

Winnipeg has the largest number of filers with 64,216 persons. About 87.5% (56,184) of these filers report zero or negative employment income. Of those reporting some employment income, 1,278 (2.0% of Winnipeg filers) fall in the $20,000 and Over category and 1,225 (1.9%) fall between $2,500 and $4,999.

The second largest region in terms of the number of filers is the Southwest. Of the 15,106 filers in this region, 12,528 (82.9% of the region total) have zero or negative employment income. Three (3.0%) percent of the filers in this region reported between $2,500 and $4,999 of employment income and 2.9% report employment income of $1 - 999.

The North region had 2,603 persons filing returns in 1984. These 2,603 filers represent only 2.3% of Manitoba filers, making this the smallest region in terms of filers. Approximately 90% of filers in the North region (2,330 filers) report zero or negative employment income.

The median for those having employment income varies considerably from one region to another. Winnipeg region has the highest average income with $6,988. The North follows with an average of $5,330 and the Southwest ranks third with an average of $5,296. The lowest average income is found in the Parklands ($3,643). For all Manitoba filers (aged 65 and over) reporting employment income, the average (median) is $5,700. All regions, except Winnipeg have averages below this Manitoba figure.

DISTRIBUTION OF EMPLOYMENT INCOME

The distribution of Employment Income is presented on a regional basis for filers 65 years and over in Table 4.

Almost one-half (49.5%) of the Employment Income for Manitoba is reported by filers in the $20,000 and Over category. Of the $146.4 million reported for Employment Income, $72.4 million is reported by filers in this income category. The $10,000 - 14,999 has the next highest contribution ($23.2 million or 15.9%) to the Manitoba total. The smallest amount of income is reported by those in the $1 - 999 category at $1.1 million or 0.7%.

The Winnipeg region accounted for $95.0 million (64.9%) of the Manitoba total. Over half (55.3% of $52.5 million) of the Winnipeg total is reported by those Winnipeg filers in the $20,000 and Over category. The $10,000 - 14,999 also has the next highest contribution ($13.2 million or 13.9%) to the region total. The smallest amount of income is found in the $1 - 9999 category with $0.06 million or 0.9%.

The Southwest region accounted for the second highest proportion of the Manitoba total at 12.7% from $18.5 million. One third (35.3% or $6.5 million) of the Southwest total is reported by the filers in the $20,000 and Over category. The category $10,000 - 14,999 has the second highest proportion (19.7%) for the Southwest while the smallest proportion (1.0%) is found in the $1 - 999 category.

The following statements can be made on the Employment Income of Manitoba taxfilers 65 years and over when we consider the data in Tables 3 and 4.

(1) Only 15,755 (13.8%) taxfilers in this age group report employment income.

(2) The 11.9% (1,877 of 15,755) of the filers in the $20,000 and Over category report 49.5% of the employment income.

(3) The 31.4% (4,948 of 15,755) of the filers in the $10,000 and Over categories report 79.2% of the employment income.

(4) The 59.3% (9,348 of 15,755) of the filers in the $1 - 7,499 categories report 18.4% of the employment income.

(5) The 29.6% (4,667 of 15,755) of the filers in the $1 - 2,499 categories report 3.2% of the employment income.

LABOUR FORCE INCOME FOR FILERS AGED 65 AND OVER

The distribution of Labour Force income for filers aged 65 years and over is shown in Table 5.

In all regions, more than 80% of filers aged 65 and over do not report Labour Force income. The North has the highest percentage falling in this category with 88.9%. Winnipeg and the Southeast region also have high proportions in this category with 87.0% and 86.8% respectively. Regions with relatively low proportions are North Central at 81.4% and South Central at 81.5%. For Manitoba, 85.8% of those filers aged 65 and over do not report Labour Force income.

Therefore only a small proportion of filers in each region report Labour Force income in any of the income categories shown in Table 5.

For the North, the largest number of filers is 53 (2.0%) in the $1 - 999 category and 52 (2.0%) in the $2,500 - 4,999 category.

For the South Central region, the largest number of filers is 210 (3.4%) in the $2,500 - 4,999 category and 200 (3.2%) in the $1 - 999 category.

In Winnipeg, the largest number of filers is 1,311 (2.0%) in the $20,000 and Over category and 1,299 (2.0%) in the $2,500 - 4,999 category.

Average (median) Labour Force incomes vary considerably among regions from the Manitoba figure of $5,602. The highest average is reported in Winnipeg at $6,800 with the Southwest second at $5,231 and South Central third at $4,958. Parklands, with an average income of $3,568, reports the lowest figure for any region. All regions except Winnipeg have average Labour Force incomes less than the Manitoba average of 5,602.

DISTRIBUTION OF LABOUR FORCE INCOME

For the distribution of Labour Force income as reported by filers 65 years of age and over, see Table 6.

Labour Force income in Manitoba totalled $149.5 million during 1984 for filers aged 65 and over. Approximately 49% ($73.6 million) of the total was reported by those filers in the $20,000 and Over category.

A further 14% ($20.7 million) was reported from the $15,000 - 19,999 category while 16% (23.6 million) was reported by those filers in the $10,000 - 14,999 category.

The North accounts for $2.3 million in Labour Force income. This amount represents the smallest proportion on a regional basis at 1.6% of the Manitoba total. Of the $2.3 million from the North, 39.9% ($0.93 million) falls in the $20,000 and Over category. Only 0.9% of the North's Labour Force income ($0.02 million of $2.3 million) is reported from the $1 - 999 category.

The Southeast and Parklands regions report the next lowest Labour Force incomes with $4.8 million (3.2% of the Manitoba total) and $5.0 million (3.3%) respectively. For the Southeast region 42.7% ($2.0 million out of $4.8 million) is reported by the filers in the $20,000 and Over category. For the Parklands region only 28.5% ($1.4 million of $5.0 million) is reported in the $20,000 and Over category.

Winnipeg accounts for $97.0 million in Labour Force income, 64.9% of the Manitoba income. Of the Winnipeg total, 55.1% ($53.4 million) falls in the $20,000 and Over category and only 0.5% ($0.5 million) falls in the $1 - 999 category.

From the data in Tables 5 and 6, the following statements can be made about Manitoba taxfilers 65 years and over:

(1) Only 16,250 taxfilers (14.2%) in this age group report Labour Force income.

(2) The 11.8% (1,919 of 16,250) of the filers in the $20,000 and Over category report 49.2% of the Labour Force income.

(3) The 31.1% (5,049 of 16,250) of the filers in the $10,000 and Over categories report 78.9% of the income.

(4) The 59.8% (9,723 of 16,250) of the filers in the $1 - 7,499 categories report 18.6% of the income.

(5) The 30.1% (4,891 of 16,250) of the filers in the $1 - 2,499 categories report 3.3% of the income.
